

EDGER POWER TROWEL

Smooth finish. Better comfort

- Suitable for trowelling edges against walls and columns
- Allows better floating and finishing capabilities along wall lines, columns and obstacles
- Free rotating wheel ring that allows trowel to run smoothly along the wall
- Rubber ring protection on rotating guard to avoid wall damages
- Guaranteed Gear Box for heavy trowelling and rough handling
- Safety Stop switch that shuts the engine down automatically in the event of operational emergencies
- Standard foldable handle and Lifting hook for easy storage and transport
- Precision control for blade pitch to ensure precise blade adjustment
- Universal blades interchangeable with major trowel brands
- Choice of various types of Honda petrol engines
